

Martín Chambi Jiménez, one of the first major Latin American photographers born in Peru, is recognized for the profound historic and ethnic documentary value of his photographs, capturing the towns and countryside of the Peruvian Andes.

All artworks gracing our pages are designed by **Jonathan Varcoe**, exclusively for COYA's Bar menu. It comprises of colour overlays on photographs by Martín Chambi.

“A prophet once said:

‘Don’t tell me what a man says,
don’t tell me what a man knows.
Tell me where he’s travelled?’

I wonder about that, do we get smarter,
more enlightenment as we travel? Does travel bring
wisdom? I think there is probably no better
place to find that out than Peru”

- Anthony Bourdain

Peruvian Classics

Pisco is the national spirit of Peru. This delicate liquid was developed by Spanish settlers in the 16th century by distilling fermented grape juice and can be characterised with the soul of tequila mixed with the complexity of gin and the versatility of vodka.

Our Macerados

Since the opening of COYA back in 2012, the Macerados system has been a vital part of our beverage program. It came to life after our first visit to Peru, where we have been introduced to the traditional way of cold infusions. In the Pisco Library we showcase multiple flavour combinations we prepare and care for daily.

We use the Macerados to enhance the experience of the classic pisco cocktails and find newer and better ways to introduce Pisco to the world.
